**ACADEMIC  
UNITS**

# ACADEMIC UNITS

## Agrarian and Technological Institute

State-of-the-art greenhouse for cultivating environmentally friendly plants, a center for unmanned systems for land monitoring, and modern laboratories

Practical training at the university's own veterinary clinic

Student innovations and discoveries are actively implemented in practice with the support of partner companies

## Higher School of Management

Cooperation with tour operators and hotel chains in Turkey, the UAE, and other countries provides students with real-world work experience

Professors are leading experts and top managers from the business sector

Guaranteed internships at major corporations and IT companies

## Academy of Engineering

Advanced equipment for robotics, a VR laboratory, 3D printers

Nanotechnology and space research

In-house design bureau for implementing architectural projects

## Institute of Foreign Economic Security and Customs

Instructors with experience in Russian government agencies

Specialized training laboratory for customs expertise

Internships in relevant departments of the Eurasian Economic Commission

# ACADEMIC UNITS

## Institute of Foreign Languages

International experience from the very start of studies

Numerous opportunities for studying abroad

Comprehensive training: from psychological, pedagogical, and public relations skills to linguistics and translation studies

## Institute of World Economy and Business

Professors are leading practitioners in economics, business, and advertising

Students study two compulsory foreign languages

Over 50 additional continuing education courses in related fields

## Institute of Russian Language

Digital and in-person preparatory (On the website of Pre-University) faculties for international students

In-house multilingual platforms for language learning

Modern philological and humanities programs in digital fields: data analysis, cyber technologies, and innovations

## Institute of Pharmacy and Biotechnology

Student and staff research achieve global recognition and makes a tangible impact on quality of life

Drug development in laboratories — from synthesis to official registration

Cutting-edge high-tech equipment in all research labs

# ACADEMIC UNITS

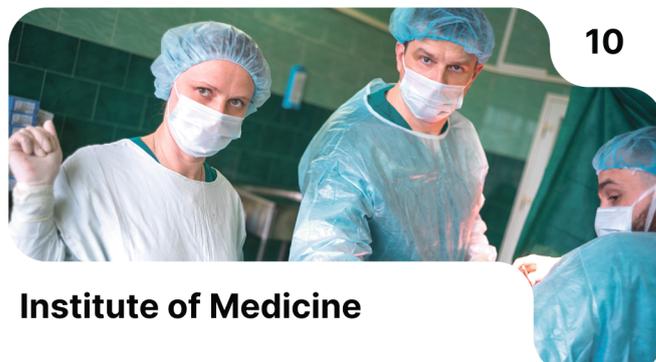

9

## Institute of Environmental Engineering

Active student club Ecotunity, implementing urban environmental initiatives

Internships at leading research institutes and environmental companies

Ecological expeditions to Russian regions and ongoing environmental monitoring of the RUDN campus

10

## Institute of Medicine

Clinical practice facilities — over 170 public and private hospitals

Own University Clinic, a simulation training center, and a Research Institute of Cellular and Molecular Medicine with 12 laboratories

Faculty members are leading scientists and practitioners from Russia and around the world

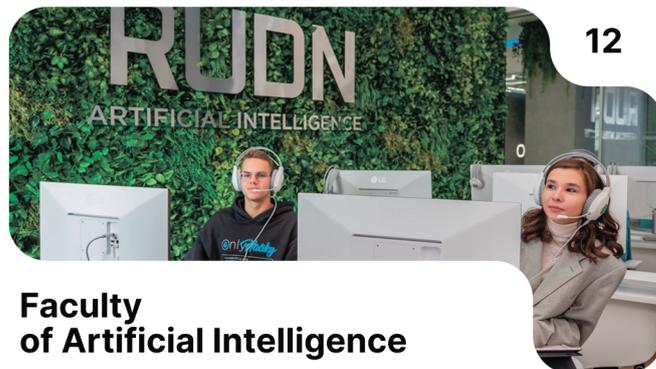

11

## Faculty of Humanities and Social Sciences

Wide range of fundamental humanities programs: from Philosophy to International Relations

Master classes by professors from foreign universities, diplomats, and politicians

One of Russia's leading schools in the field of International Relations, with graduates serving in the Russian Ministry of Foreign Affairs and foreign governments

12

## Faculty of Artificial Intelligence

Training in cutting-edge neural network technologies and machine learning

Advanced equipment and an AI laboratory with supercomputers

Guaranteed internships at Russia's leading IT companies: Sber, Yandex, Alfa, and others

# ACADEMIC UNITS

## Faculty of Philology

Master classes by industry professionals: writers, linguists, journalists, producers, and PR specialists

In-house multimedia studio for journalism practice

Strong academic traditions in teaching Russian as a foreign language and simultaneous interpretation

## Faculty of Science

Russia's first laboratory for advanced research in 5G networks and the Internet of Things

Over 40 modern laboratories covering various scientific fields

Guaranteed internships at the Russian Academy of Sciences

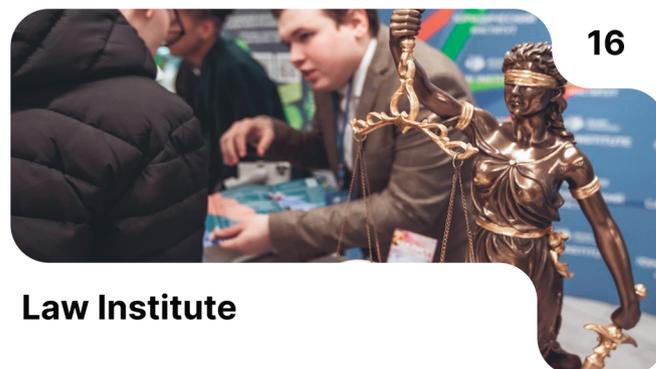

## Faculty of Economics

Faculty-led winter and summer schools in various countries

Double degree programs with partner universities

Alumni hold key positions in Russian business, economics, and politics

## Law Institute

Guaranteed internships at the country's leading law firms

Professors are practicing professionals and honored lawyers of Russia

One of Russia's leading schools in the field of International Law

# BACHELOR'S DEGREE

## 7 STEPS

### TO ENROLL AT RUDN UNIVERSITY

Step

01

Choose your level of study and educational program

Step

02

Verify your documents\* for compliance with admission requirements via your personal account on the website: [document-review.rudn.ru](https://document-review.rudn.ru)

Step

03

Submit your documents and application starting **June 20**

Step

04

Take the entrance examinations and receive an official response from RUDN

Step

05

Confirm your consent to study at RUDN and pay the tuition contract

Step

06

Obtain your student visa

Step

07

Come to RUDN University  
Congratulations — you are now a student!

\* The required documents include: application form, copies of your passport and educational certificate (or official transcript from your current institution), along with notarized translations into Russian

Still have questions? Email us at: [intstudent@rudn.ru](mailto:intstudent@rudn.ru)

# RUDN UNIVERSITY CAMPUS

The RUDN campus is truly a city within a city. Located along Miklukho-Maklaya Street, it offers not only academic buildings but everything you need for a comfortable life within walking distance!

## Well-developed infrastructure

Shops, cafés, canteens, coworking spaces, a bank branch, laundries, tailoring services, beauty salons, a library, a medical center, a sports complex, several stadiums, and much more

## High level of security

Electronic access control system, over **3,000** CCTV cameras, modern fire safety systems, and a police station on campus

**14 dormitories**

**More than 30 national cuisine restaurants**

# MEDICAL SERVICES

The **RUDN Clinical and Diagnostic Center** is a multidisciplinary clinic providing qualified medical services under the health insurance policy. Students have the opportunity to receive medical care right on campus

Primary  
medical care

Consultations  
with specialized doctors

Medical  
check-ups

Laboratory diagnostics

## SPORTS & RECREATION

RUDN University offers a wide range of halls and facilities for free sports activities — from aerobics to football.

**More than 15** sports sections are open to everyone. Students can also join one of the university's **23** national teams. The director of the sports complex, which covers **6,500** square meters, is **Olympic champion in athletics — Tatiana Lebedeva!**

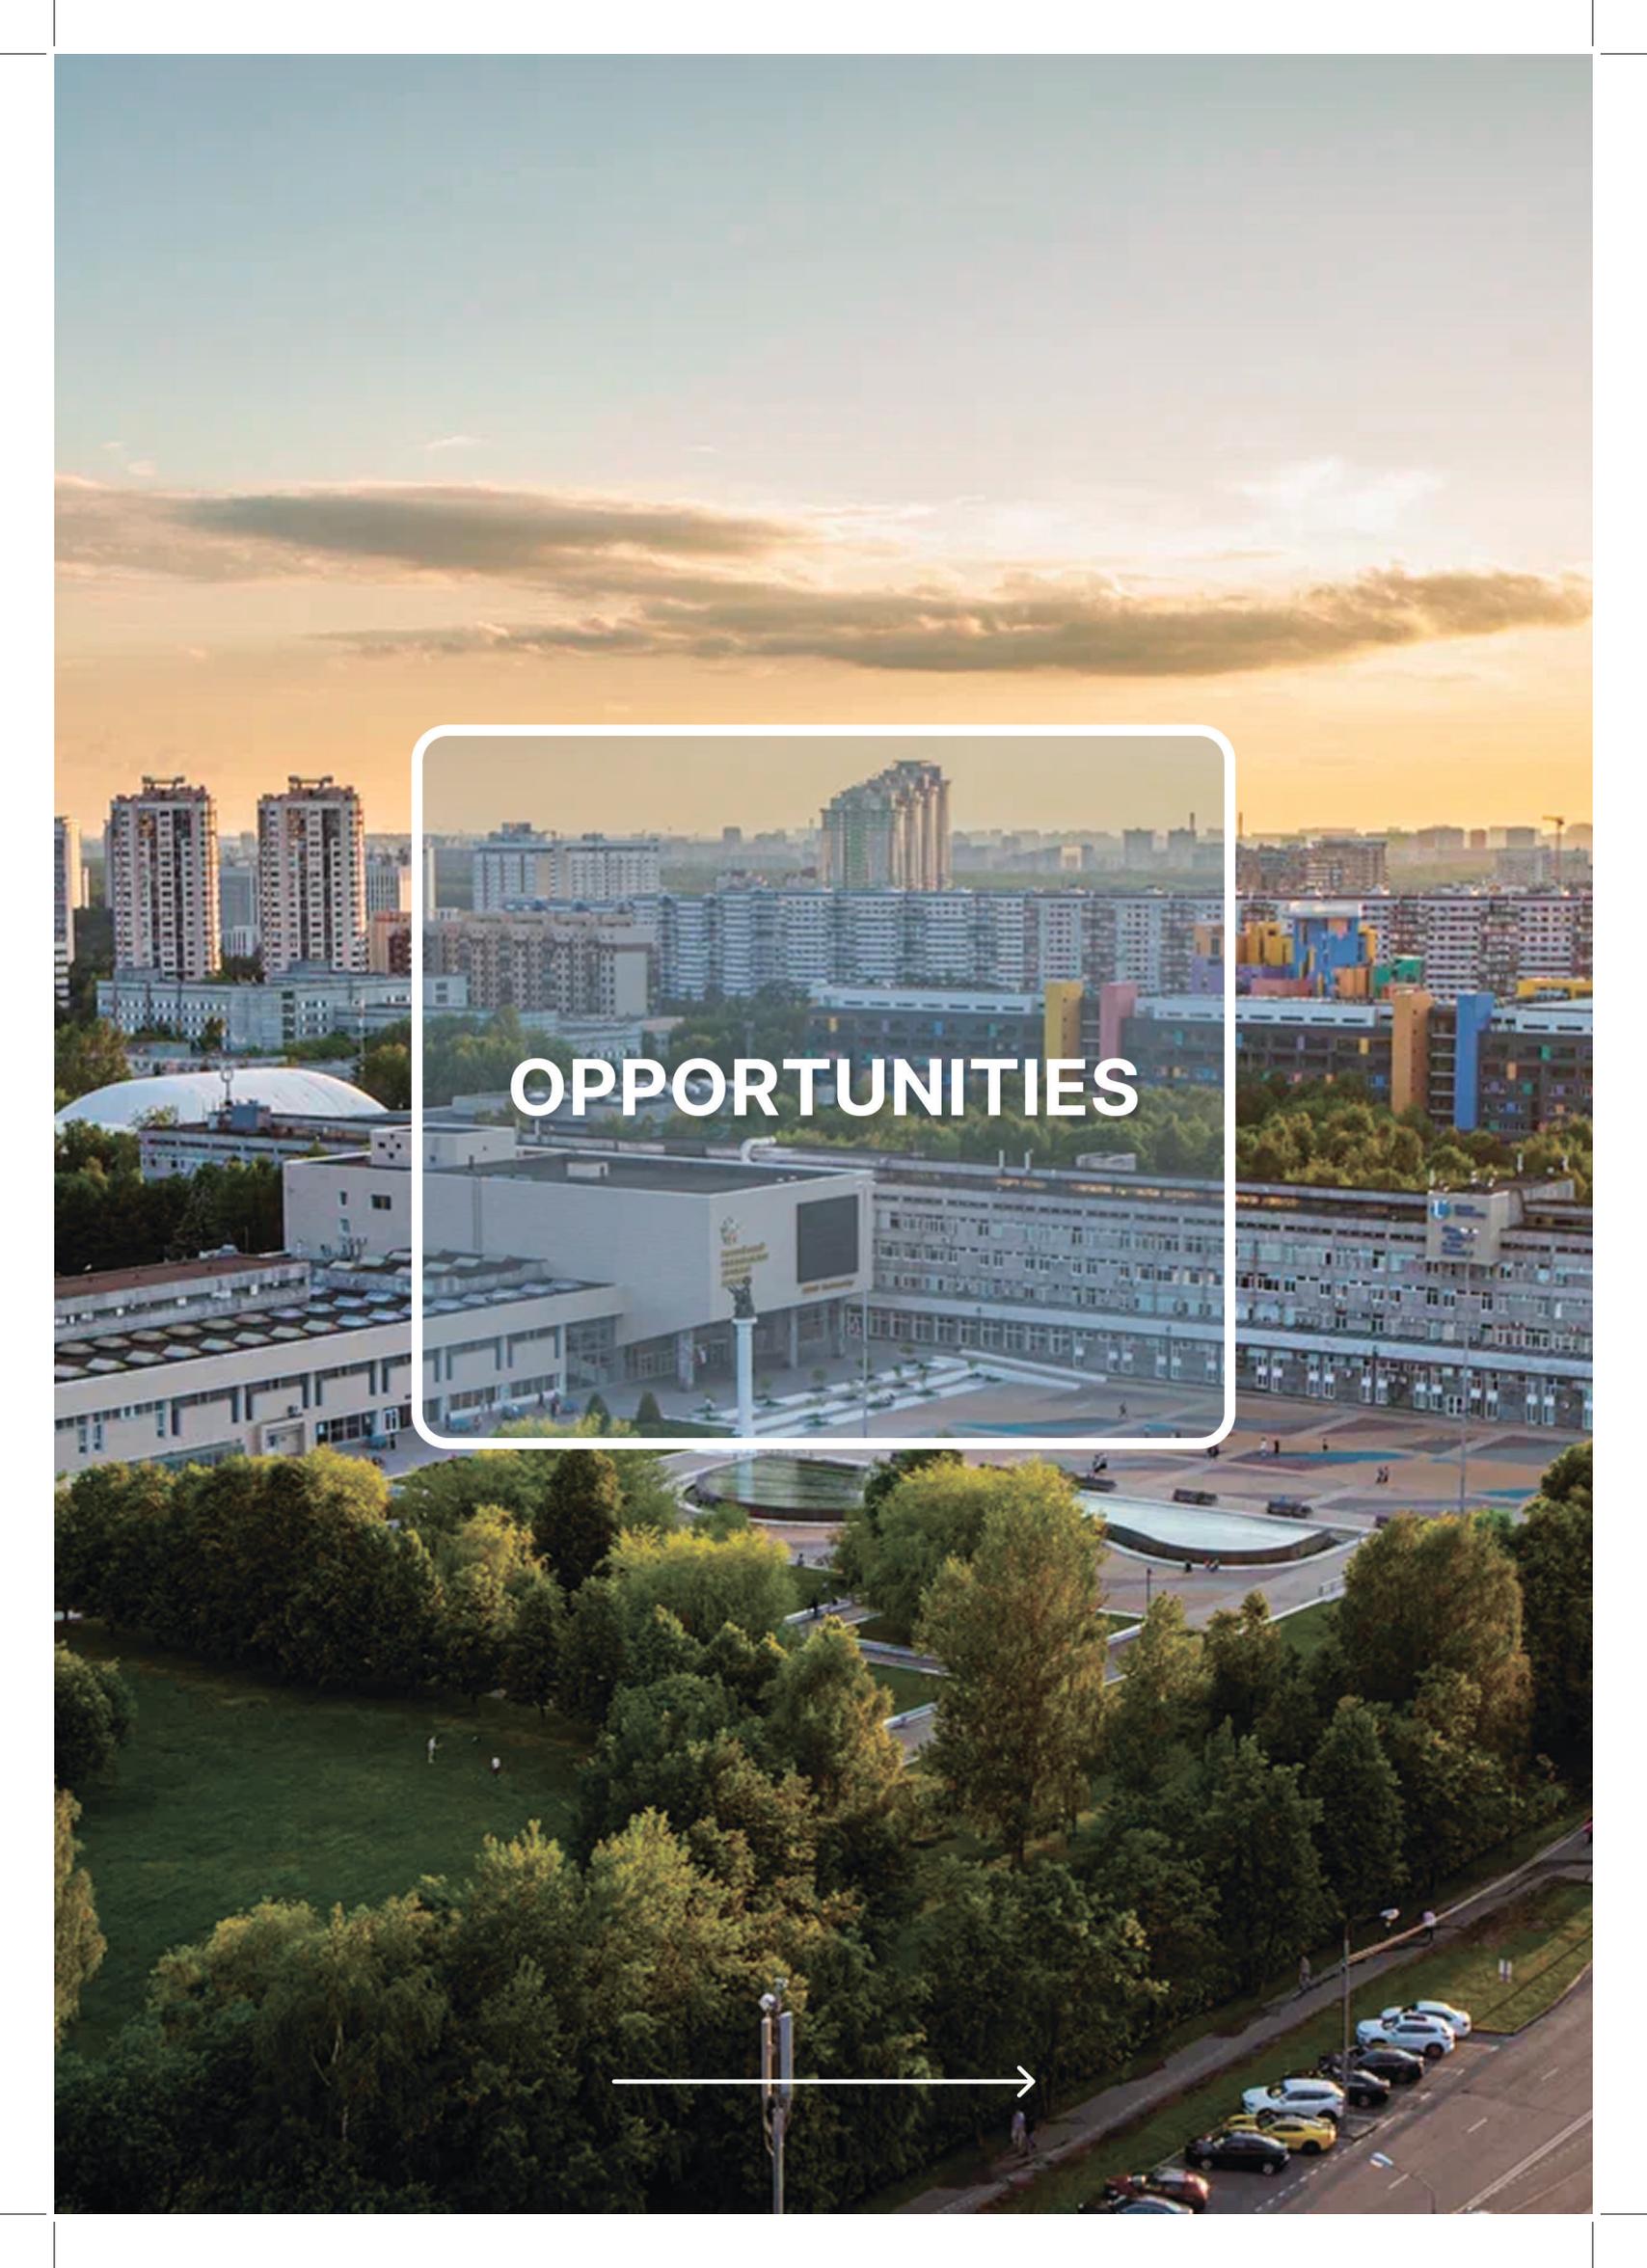

**Stadium with 3,000 seats**

**4 football fields**

**Tennis courts  
and ping-pong tables**

**Outdoor fitness areas**

**Skiing facilities**

An aerial photograph of a university campus during sunset. The sky is filled with soft, golden light and scattered clouds. In the foreground, there is a large green lawn and a dense line of trees. A road with several parked cars is visible at the bottom. The middle ground features a large, modern university building with a central courtyard and a fountain. In the background, a city skyline with various high-rise buildings is visible under the twilight sky. The word "OPPORTUNITIES" is written in large, white, bold, sans-serif capital letters, centered within a white rounded rectangular box that is semi-transparent over the middle of the image.

**OPPORTUNITIES**

1

## Study Abroad Programs

---

Duration: from 1 semester to a full academic year

Study at a partner university with full immersion in the academic environment of another country for a semester or an entire academic year

2

## Double Degree Programs

---

Duration: entire study period

RUDN offers 127 joint programs across various fields. Graduates receive two diplomas: one from RUDN and one from the partner university

3

## Summer & Winter Schools

---

Duration: from a week to 3 months

Short-term educational courses abroad focusing on language or specialized subjects. Includes a rich excursion and cultural program

4

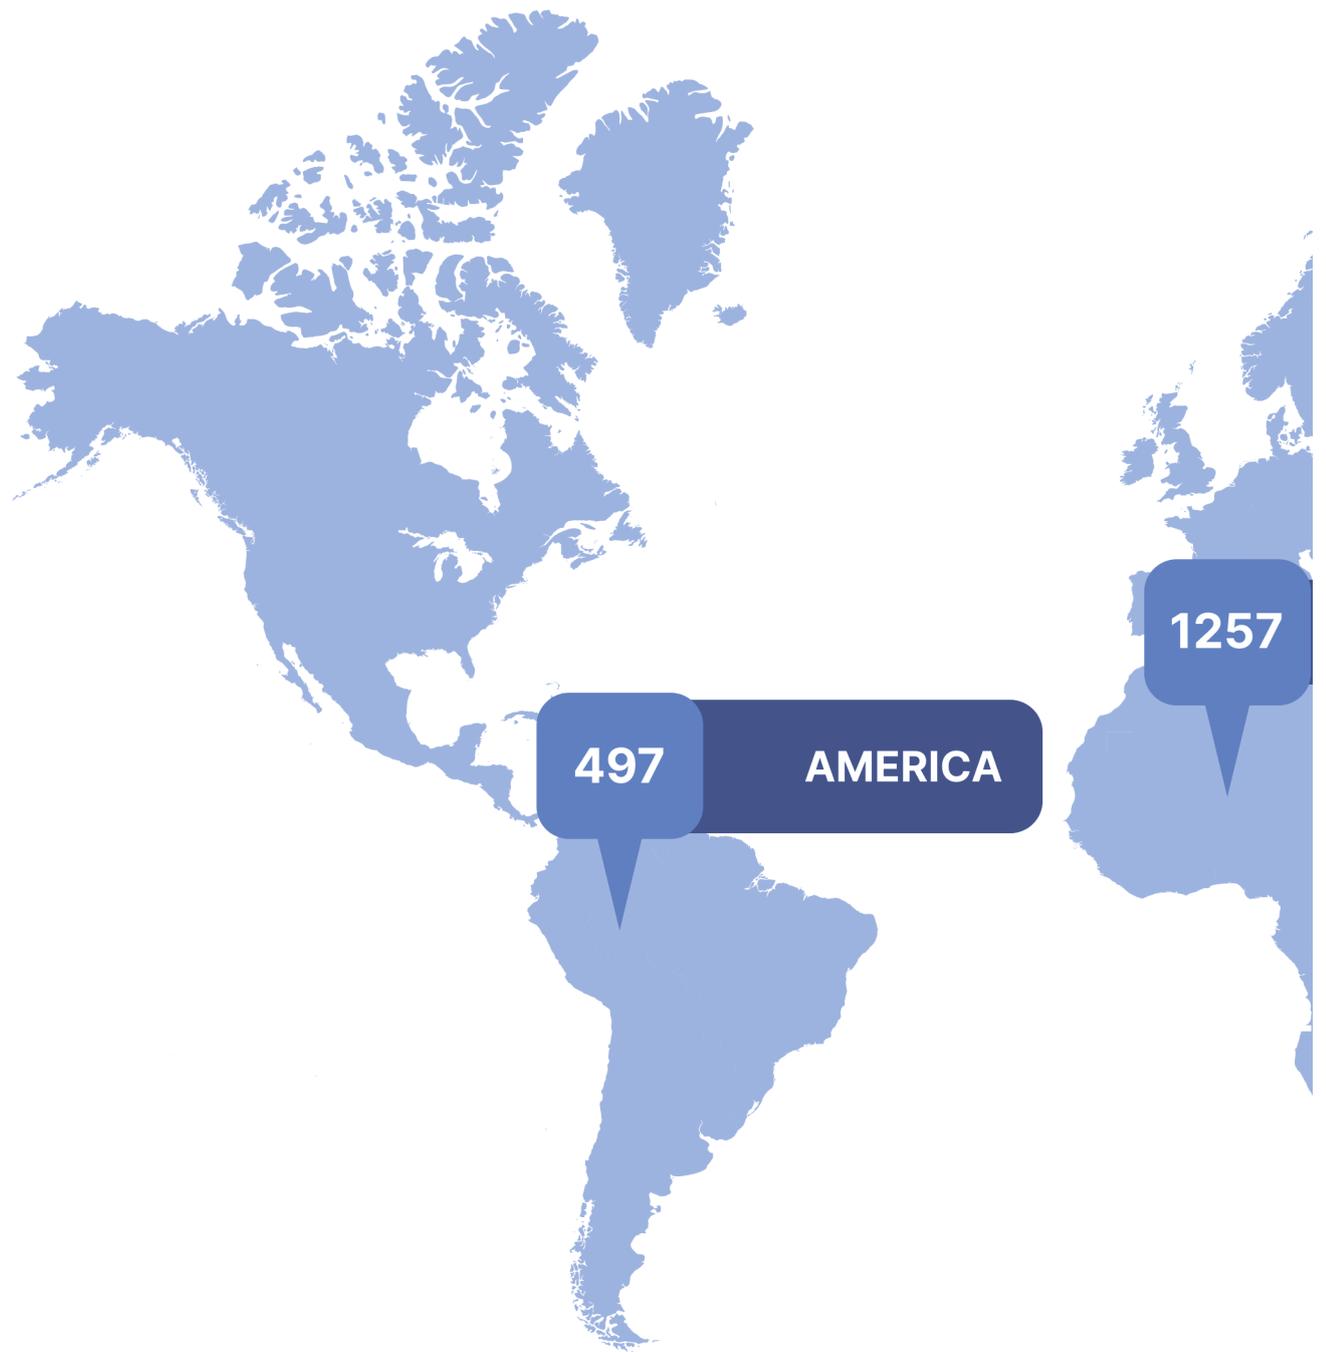

## Educational Internships

---

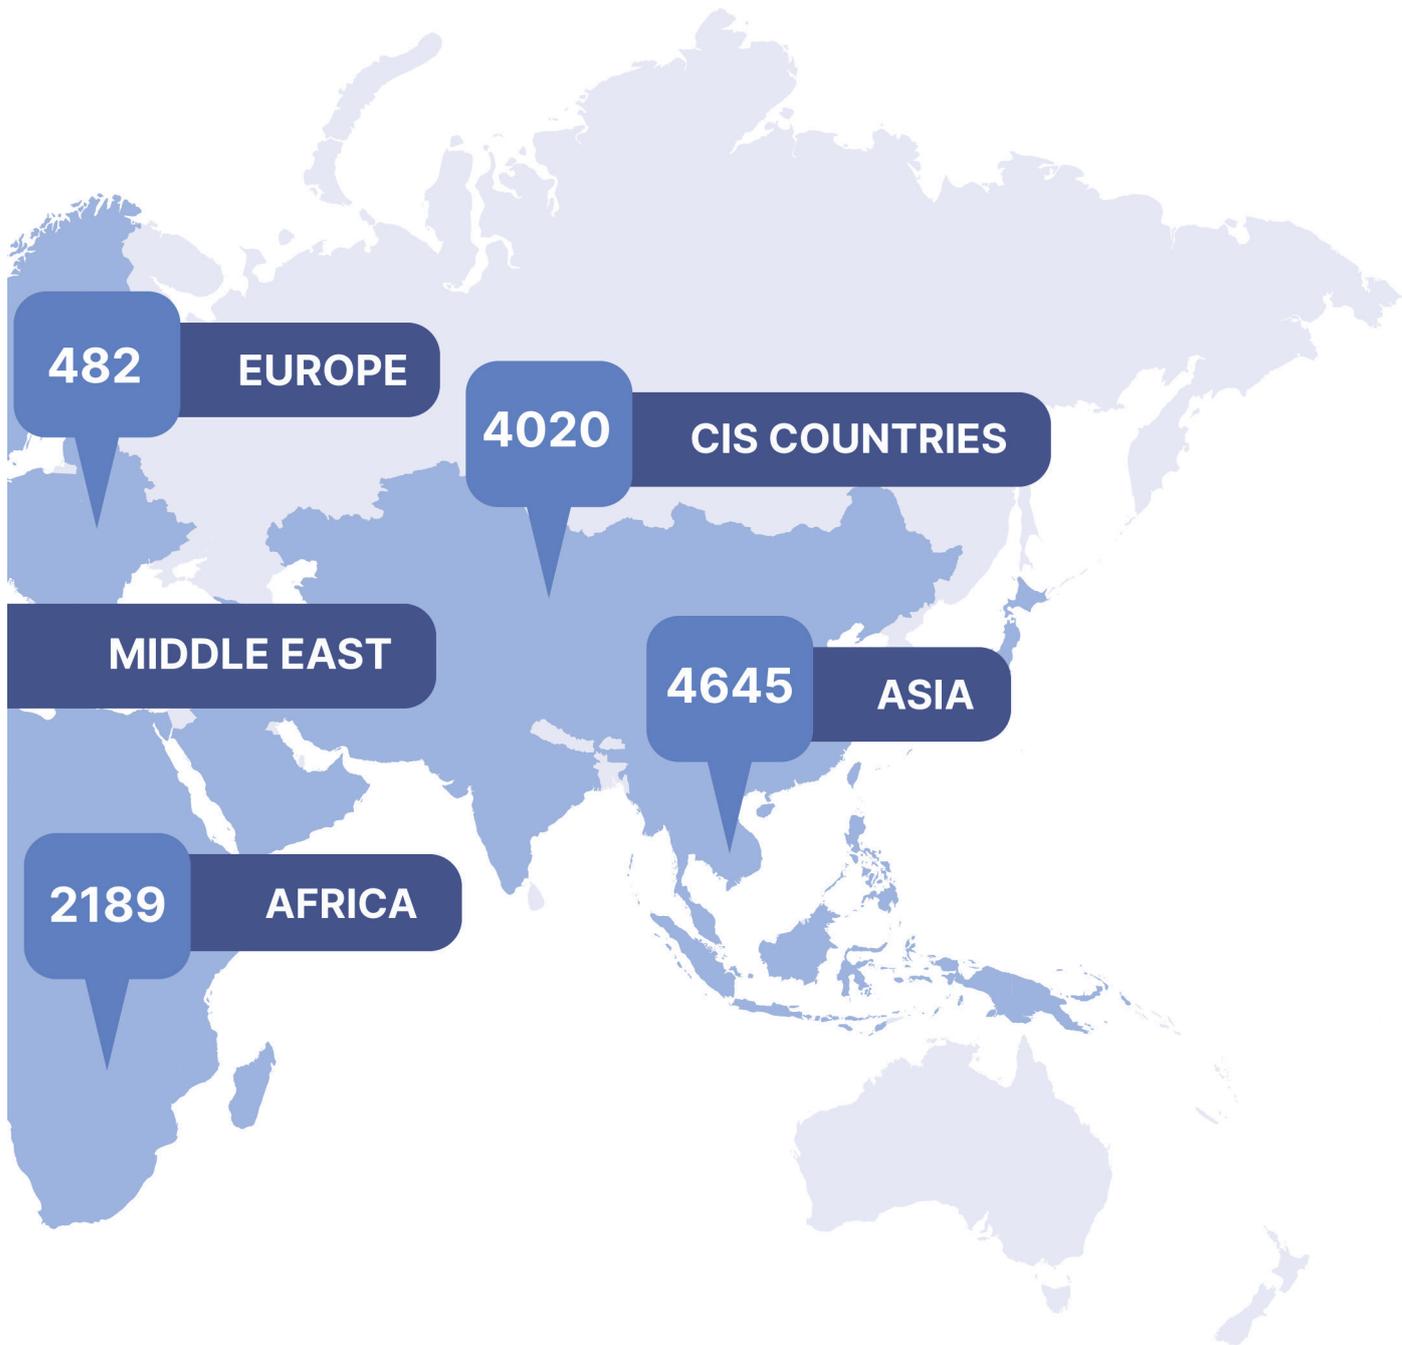

Duration: 1–2 months

Short-term professional courses at a foreign university to deepen knowledge in a specific field
