RUDN University Campus

The Greenest in Russia

The student campus covers 50 hectares of land, adjacent to a large green park. It features 28 buildings, including academic facilities, dormitories, a medical center, a sports and wellness complex, and various shops.

14 dormitories

Well-developed infrastructure

Shops, a bank branch, laundries, dry cleaners, tailoring services, beauty salons, coworking spaces, and much more

Over 30 restaurants offering international cuisine

Safety & Security

Electronic access system, over 3,000 surveillance cameras, and a state-of-the-art fire safety system

Medical Services

RUDN University has its own medical center on campus, allowing students to receive medical care without leaving the university grounds.

The medical center is a multidisciplinary healthcare facility providing high-quality medical services under health insurance coverage, including:

- ✓ Primary medical care
- ✓ Laboratory and diagnostic tests
- ✓ Consultations with medical specialists
- ✓ Issuance of medical documentation
- ✓ Medical check-ups
- ✓ Dental care

Sports & Recreation

For students' convenience, RUDN University offers sports halls and outdoor facilities for free access to various sports, including gymnastics, handball, basketball, and football. In total, there are more than 40 sports clubs.

Every student can join a sports club or become part of one of the 26 university teams. The sports and wellness complex covers 6,500 square meters and includes:

-  A 3,000-seat stadium
-  4 football fields
-  A ski base
-  15 tennis courts
-  An all-season outdoor gym

Institute of Medicine

The Institute of Medicine is one of the leading medical schools in Russia, offering top-tier education in all medical and pharmaceutical specialties. Students gain practical experience and clinical training at over 170 public and private hospitals. The institute has 1,100 lecturers, including renowned medical scientists from Russia and around the world. Since 2024, the Vinogradov University Hospital has served as RUDN's own clinical training base for preparing doctors in all fields of studies.
